Indianapolis, Indiana –September 12, 2011– The Anson Group, LLC, a regulatory consultancy, received national certification as a Women’s Business Enterprise by the **Women's Business Enterprise Council - Great Lakes**, a regional certifying partner of the Women’s Business Enterprise National Council (WBENC).

WBENC’s national standard of certification is a meticulous process including an in-depth review of the business and site inspection. The certification process is designed to confirm the business is at least 51% owned, operated and controlled by a woman or women.

By including women-owned businesses among their vendors, corporations and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier/vendor diversity programs.

About The Anson Group

The Anson Group is an FDA (Food and Drug Administration) regulatory consulting firm that provides medical technology clients with expert opinions and strategies for navigating federal regulations and requirements.

Our areas of expertise include Drugs & Biologics, Medical Devices, Combination Products, Connected Health and Technology Commercialization. Anson's seasoned staff and extensive network of contractors provide world-class experience, knowledge, and professionalism in all of these areas.

About WBENC

The Women’s Business Enterprise National Council is the nation’s largest third party certifier of businesses owned and operated by women in the United States. WBENC is a resource for the more than 700 US companies and government agencies that rely on WBENC’s certification as an integral part of their supplier diversity programs.
