Anson Expert to Present at Sessions for Purdue Regulatory Courses

(Indianapolis, Indiana) April 14, 2011 Anson Group pharmaceutical consultant, John Worzalla, M.S., RAC, will be presenting two lectures on April 17, 2011, at the University Center of Lake County in Grayslake, Illinois, for the course, "Drug Development," part of the Regulatory and Quality Compliance Graduate Certification program in the Purdue University College of Pharmacy. Mr. Worzalla's lectures are entitled, "FDA Structure and the Regulatory Professional's Role" and "Submitting an NDA." In addition, Mr. Worzalla will present a lecture entitled, "Regulatory Affairs and Clinical Research," on June 11, 2011, at the same site in Illinois for the Purdue course, "Good Regulatory Practice."

The Purdue Regulatory and Quality Compliance Graduate Certification program provides graduate level education in the organization and operation of the regulatory and quality compliance fields. Individuals successfully completing the certificate program have the option to apply the credit hours earned to the Purdue Regulatory and Quality Compliance Master's Program. Regulatory professionals presenting in the program include experts in their fields, with typical representation from FDA and academia, as well as experienced consultants and industry professionals.

About Anson Group

The Anson Group is a woman-owned independent regulatory consulting organization headquartered in Indianapolis, IN. Since 1996, the Anson Group has provided tailored, client-focused regulatory compliance solutions for medical device, pharmaceutical, biologics, combination product and most recently, connected health clients. Looking at issues in the context of our clients' resources and culture, our team of industry experts identifies available regulatory options and helps select the best pathway for overall client success.
